

Hello to all SCATER members and supporters.

Well what a great day the Red Road CTR turned out to be! Out of 44 nominations 40 riders rode out in brilliant sunshine (although still very wet conditions underfoot), ready to face whatever challenges had been set before them. The obstacles were a mixture of technical challenging tasks for both riders and horses and a few that were just thrown in for good fun and meant to challenge the trust between horse and rider. Hope you enjoyed them and most of all hope that it has inspired you to go away and practice these challenges during your rides or training sessions.

Thank you once again to all of the volunteers who helped to make this day such a success and congratulations to all of the competitors. It was great to see everyone arrive back to base safely with no mishaps – the only exception being “yours truly”, who whilst in the process of legging it through the forest in gum boots to replace a few signs that had been pilfered slipped and lay sprawled across the track face down in the mud. I had a momentary moment of panic thinking that a horse and rider might come along and mistake me for a living judge point, but managed to scramble up and regain some semblance of dignity before that happened. I am happy to say that the only damage sustained was to my pride!
