

Wamuran CTR 20 July 2025 Report and Scores

The Wamuran Competitive Trail Ride for once was held on its scheduled date. A beautiful sunny Sunday made for an enjoyable event for riders and all the wonderful volunteers.

There was a couple of weeks of checking and marking the CTR tracks so many thanks to Brendan and Terry for ensuring the tracks were safe for the ride & marking the track. Thanks to Graysen for helping demark the track.

Sunday morning was busy in the Horse Health area, thanks to our Horse Health judge Michele and TPRs Shannon and Mark. Individual riders attended Horse Health before the ride brief with Team Riders after the ride brief. All riders were on time for the ride brief.

28 riders rode out on Sunday morning in perfect riding weather to enjoy a picturesque track and nine judge points in the native forest. Some riders were trying competitive trail riding for the first time. It was wonderful to see some young riders in the Teams Division.

The judge points were mostly natural obstacles. The L Backup was probably the most difficult judge point. Listening to the judges' instructions was a must.

Thanks to all the judges and pencilers, timekeeper & ride secretary who helped make the day such a success and congratulations to all the riders, hope you enjoyed the ride. Thanks to Caroline who provided a delicious lunch for all the hungry participants.

Thanks also to the SCATER Committee members for their support with organising the CTR. We would like to thank all the riders for leaving our property clean and tidy.

Debbie and Brendan
