

Wolvi CTR 14 September 2025 Report and Scores

We couldn't have asked for better conditions for the Wolvi CTR – the sun was shining, the weather was perfect, and the trails were at their best.

This year's ride featured 10 judge points. Each one aimed to test both horse and rider, not just on the day but to give everyone something practical to take home and work on with their horses. Feedback from riders showed they really enjoyed the variety and challenge.

We had a fantastic turnout with 34 riders, a wonderful mix of familiar faces and newcomers to the sport. It was great to see such enthusiasm and support for the CTR, with riders coming together to share their passion for horsemanship and the trail riding.

A huge thank you goes to our amazing volunteers – the Horse Health team, the judges and pencilers, timekeeper, ride secretary, caterer and everyone behind the scenes. Without your hard work and generosity, events like this simply wouldn't be possible.

The day wrapped up with plenty of smiles, tired but happy horses, and lots of conversation about what everyone's experience was throughout the day.

I am already looking forward to hosting the Wolvi CTR again next year, and we can't wait to welcome riders back for another great weekend of horsemanship, challenge, and fun on the trails.
