

Wamuran CTR 19 July 2026 Report and Scores

After events having to be rescheduled due to the weather the Wamuran Competitive Trail Ride went ahead on its scheduled date. A surprise mostly sunny Sunday made for an enjoyable event for riders and all the wonderful volunteers.

There was a couple of weeks of checking and marking the CTR tracks so many thanks to Brendan for ensuring the tracks were safe for the ride & marking the track.

Sunday morning was busy in the Horse Health area, thanks to our Horse Health judge Michele and TPRs Shannon and Mark.

30 riders rode out on Sunday morning in perfect riding weather to enjoy a picturesque track and nine judge points in the native forest. The first judge point was at the ride base. Some riders were trying competitive trail riding for the first time. Always good to hear feedback from the riders about the trail and judge points on their return.

The judge points were mostly natural obstacles, some more challenging than others. Listening to the judges' instructions was a must.

Thanks to all the judges and pencilers, timekeeper & ride secretary who helped make the day such a success and congratulations to all the riders, hope you enjoyed the ride.

Thanks also to the SCATER Committee members for their support with organising the CTR. We would like to thank all the riders for leaving our property clean and tidy.
